

Mini Project - The Movie Database

Group Information:

- 1) 16CS10027 Inkulu Sampreeth
- 2) 16CS10033 Lingam Vishal Reddy
- 3) 16CS30010 G Chandan Ritvik

Idea:

We would like to implement a system which helps moviebuffs in accessing info about movies and tv shows. The database stores information about various movies, Tv shows, their cast and crew. Information about each movie includes its name, its cast and crew(actor, actress, director, producer etc), genres, release date, link to trailer, related news articles, revenues, reviews, ratings etc. Users will be able to see the list of movies based on their choice of filter like actor, director etc. Users can login and add reviews and ratings and maintain watchlist. The database also contains information about actors, their date of birth, their bio, filmography and similarly profiles of other crew. Any user can edit this data.

Depending on the time constraints, we could also add a similar info section for awards which recognize excellency in motionpicture arts.
